

[Full Name]

[PhD Student, Department / School, University]

[City, State/Country]

[Email] — [Website] — [Google Scholar] — [LinkedIn]

Research Interests

Operations Management; Information Systems; AI and Service Operations; [specific research interest];
[specific research interest]

Job-Market Research Positioning

[One concise paragraph tailored to the target field, department, and job-market audience.]

Education

[University]

[PhD in field, Department / School]

[Expected YYYY]

[City, State/Country]

- Advisor(s): [Advisor Name(s)]
- Dissertation: [Dissertation title or working title]

[University]

[Previous degree]

[YYYY]

[City, State/Country]

- [Thesis, honors, or specialization if relevant]

Research

[Project Title]

Coauthors: [Coauthor Name(s)]

[Status]

[Target / Current Venue]

- [One-sentence contribution and research question]
- Methods/data: [methods, data, model, or setting]

[Project Title]

Coauthors: [Coauthor Name(s)]

[Status]

[Target / Current Venue]

- [One-sentence contribution and research question]
- Methods/data: [methods, data, model, or setting]

Publications and Working Papers

Published / Accepted

[1] [Author list]. [Year]. “[Article title].” [Journal / Conference], [volume, issue, pages]. [DOI / URL]

Working Papers

[1] [Author list]. “[Working paper title].” [Status / target venue].

Work in Progress

[1] *[Author list]. “[Project title].” [Current stage].*

Teaching

[Course Title] *[Term YYYY]*
[Instructor of Record / Co-Instructor / Teaching Assistant] *[University]*

- Level: *[Undergraduate / MBA / MS / PhD]*; enrollment: *[N]*
- *[Responsibilities, teaching evaluation summary, or teaching innovation]*

Teaching Interests

[Operations management course]; [information systems course]; [analytics / AI course]; [service operations course]

Service

[Journal / Conference] *[YYYY]*
[Reviewer / Discussant / Session Chair] *[Professional Service]*

[Department / School] *[YYYY]*
[Committee / Organizer / Student Representative] *[Departmental Service]*

Awards, Fellowships, and Grants

[Award / Fellowship / Grant] *[YYYY]*
[Awarding organization] *[Amount if public]*
[One-line description, if useful.]

Research Skills

Methods: *[empirical method]; [analytical / modeling method]; [causal inference / econometrics / optimization / simulation]*

Tools: *[programming language]; [statistical software]; [database or cloud tool]*

Languages: *[language and proficiency]*
